Dear Mr. Palmer and Members of the Regional Board

Re: Stillwater Bluffs

For more that 100 years the Stillwater Bluffs have been a place of beauty, joy and solace for all the people of Powell River. Since the 1950's it had been protected from private sale by its inclusion in a tree farm license. The Bluffs were removed from protection without public discussion and they are now owned by Island Timberlands who are able to sell the property to any party for any use. It is very likely that the public will no longer be able to go to the Bluffs to enjoy its unique beauty. This would be a great loss to the citizens of Powell River and the world.

Please do you best to protect the Stillwater Bluffs. Ideally, this would be as an acquisition for the creation of Regional Park.

Yours truly,

Wes Bingham
